INSTRUCTIONS

The following instructions are applicable for the remote control anti-theft security device item Fast-Remotelok.

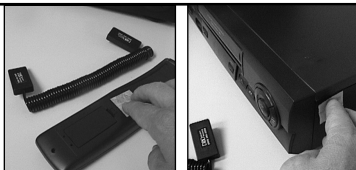

STEP 1 SELECT MOUNTING SURFACES

IMPORTANT! The adhesive strip must be attached to a clean, flat surface. To determine where the strip will be placed, be sure not to cover any screws or vents. Be sure surface is flat and strip has complete contact with surface.

STEP 2 CLEAN SURFACES

Clean surface of remote control and equipment with alcohol prep pads provided. Let surface dry thoroughly.

STEP 3 APPLY ADHESIVE STRIP

Peel adhesive tape strip and apply to remote control. Apply the other end to the equipment or cart.

STEP 4 APPLY PRESSURE

Firmly press the end of the remote lock coil onto both surfaces to secure tape to surfaces.

STEP 5 OPTIONAL VELCRO

Utilize velcro provided (optional) to attach remote control to TV, VCR or other equipment. Clean surface (steps 1-4) then apply velcro and press firmly.
