Privacy Compliance Monitor
with Fixed 3M™ Privacy Filter

• Meets Regulations

HIPAA

Protects the confidentiality of healthcare information.

Gramm-Leach-Bliley

Requires that financial information be kept private.

CIPA

Mandates privacy in public schools and libraries.

FISMA

Information security of federal agencies, contractors and others that handle federal data.

• Protects Information

3M Privacy Filters feature nearly invisible microlouver privacy technology to darken the screen when viewed from the side. Never blurs or distorts the user's view.

• Helps resolve compliance in the following industries:

Financial
Healthcare
Government
Schools and Libraries
